INSTALLATION YOU CAN TRUST

## Solar Pool Heating Systems

While you're having The Home Depot's Installation Service Provider install your new Solar Pool Heating System, consider having us do these other jobs around your house:

- Install a new fence
- Install a new deck
- Install new gutters
- Install an outside storage building
- Install a new interior or exterior door
- Install a new garage door or keyless opener
- Install a new furnace or air conditioning system
- Replace your roofing
- Paint the interior or exterior of your home
- Create handy storage solutions
- Landscape your property, including stonework

## Don't put off your projects, put off your payments!\*

### No Payments, No Interest & No Fees\*\* for 6 Months\*

On any in-store or online purchase of \$299 or more (after taxes) when you use The Home Depot® Consumer Credit Card†.

**Low Fixed Interest Rates starting at 9.99%. No Payments, No Interest & No Fees\*\* on All Purchases** for the first 6 Months after initial purchase on your Home Improvement Loan Card\*\*\*.

\*Interest accrues from the purchase transaction date and will be waived if the purchase amount is paid in full by the plan expiration date. If not, interest will be charged at an Interest Rate of 28.8% per annum in accordance with the Cardholder Agreement. This offer is valid at The Home Depot Canada outside of Quebec. Offer not available to Quebec residents.

\*\*There is no annual service fee and the retailer does not charge any plan administration fees.

†OAC. Financing provided by Home Depot Credit Services, a unit of Citi Cards Canada Inc.

‡Registered trademark of Homer TLC, Inc. Used under license.

\*\*\*The annual Interest Rate that applies to a HIL account, as determined by Citi Cards Canada Inc., will be 9.99%, 12.99%, 15.99% or 18.99%, depending on the Applicant's income and credit history at the time the Application is approved. The Interest Rate that applies to the HIL account will be communicated to the Applicant when the Application for the HIL account is approved and will be displayed on all HIL account statements. HIL account balances may be repaid in full at any time without notice or penalty. Initial minimum purchase on a HIL account is \$1,000 and must be made within 60 days of the date the HIL account is opened. Additional terms apply, see store for details. Promotion available to new HIL accounts only. Interest does not accrue during the 6 month†† no payments, no interest and no fees\*\* promotional period. Following the expiration of the promotional period, standard Interest Rate and repayment terms apply. ††For the purposes of this promotion, six months means 180 days.

# SOLAR POOL HEATING SYSTEMS INSTALLED FOR YOU

INSTALLATION YOU CAN TRUST

# Using innovative technologies to capture the power of the sun

Solar energy is a clean, renewable power source that's produced by capturing and converting the energy that's created naturally by the sun. At The Home Depot we are committed to the environment – our Solar Pool Heating Systems will eliminate your pool heating bills, reducing your family's dependence on costly fossil fuels and electricity.

## Leave it to the experts

Every Installation Service Provider meets our stringent licensing and insurance requirements and offers thorough product and installation know-how. They have been professionally trained to ensure that your solar energy system is installed properly and functions perfectly.

# Solar Pool Heaters as **easy** as...

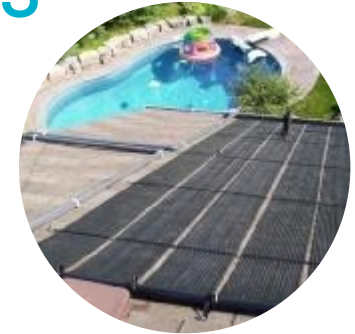

**1** consult

**2** install

**3** inspect

## Solar Pool Heating Systems

Solar pool heaters can be the primary source of heat for your pool, eliminating the costly expense of heating with gas or electricity. The technology is a smart way to save money year after year on energy costs, and will help to reduce your family's impact on the environment.

Our systems are durable and long lasting, require very little maintenance and will provide you with the opportunity to extend your swimming season, with no additional heating costs.

## Take advantage of many great features and benefits:

- Reduce energy consumption and get an immediate return on your investment, with no more pool heating bills
- Reduce your impact on the environment with renewable energy
- Enjoy many years of reliable, safe and clean solar power

## 3 steps to professional solar installation:

### 1. In-Home Solar Assessment

Call 1-800-HOME DEPOT (466-3337) and speak to a knowledgeable customer service agent. An authorized Solar Technician will visit your home at your convenience to perform an on-site home assessment and provide you with a cost estimate.

### 2. Professional Installation

Once you've made the purchase, an authorized Home Depot Service Provider will deliver and install your solar pool heating system.

### 3. Follow-up Final Inspection

After the Solar Installation is complete, your authorized Home Depot Service Provider will perform a final inspection and provide you with proper instructions on how your system operates.
